DIMENSIONS

Bluetooth 4.0 Low Energy Connectivity

Your smartphone is now your key. Just unlock your door using the UltraLoq App on your smartphone.

Advanced Fingerprint Identification

95 fingerprints. Identifies you in less than 0.5 second & works well for kids and the elder.

Anti-peep Touchscreen

95 user defined 4-8 digit codes. Anti-peep touch keypad technology makes sure strangers can't steal your password by watching you nearby when you enter the password.

Knock to Open

You don't have to open app. Just knock on your phone four times, even when it's in your pocket and you're in. (For iOS only)

Shake to Open

You can just wakeup your smartphone's screen and shake your phone to unlock your door. No need to open UltraLoq app.

Up to 1 Year Battery Life

3 AA batteries. Up to 8,000 times access. Innovation in clutch design makes UL3 BT more reliable but 50% less power consumption than traditional clutches.

Solid and Resistant

The exterior solid one-piece Zinc Alloy body is completely waterproof and dustproof. Ideal for both exterior and interior doors.

Sense-on

When you reach out your finger to the touch keypad or fingerprint reader, UltraLoq will be activated automatically and ready for your operation.

Intuitive OLED Display

Use touchscreen to simply add or delete user on the device. An OLED with intuitive information will walk you through the whole process.

Hidden Backup Key

3 mechanical keys for backup. A keyhole is positioned specially on the bottom to give extra security in case of keyhole hackers.

UL3 BT

MULTI-POINT SMART DOOR LOCK
