Warranty Terms :

Your uBreathe product comes with a 6-month warranty that covers all mechanical and electronic parts. To make a warranty claim, you'll need to provide the purchase invoice along with the product's model and serial number. If a defect is confirmed by the uBreathe authorized service team during the warranty period, we will offer a free replacement or service. Warranty services can only be performed by uBreathe or its authorized team. Please be aware that the warranty does not cover normal wear and tear, physical damage, unauthorized repairs, or use of the product with unapproved accessories. Damage caused by improper use or transit after the initial delivery is also excluded. This warranty applies only to manufacturing defects in materials and workmanship when the product is used as intended under normal conditions. Note: Plant replacement and maintenance are not covered under warranty and are not the responsibility of uBreathe.
