

*Add Art to your Ceiling!*

# Look out for these features!

## BLDC MOTOR

Fanzart's BLDC motor fans consume 70% less power compared to conventional AC motor fans.

## SUMMER-WINTER

Fanzart's unique SW feature enables bi-directional rotation.

## MULTICOLOR LED

You can switch between warm light, daylight and white light with just a touch of a button.

## DIMMER

This distinctive feature allows you to set the perfect ambience according to your mood by increasing or decreasing intensity of the LED light.

## MOOD LIGHTING

Mood lighting helps to create an atmosphere within an area and is often softer lighting that helps to enhance the space.

## CUSTOMIZATION

Fanzart fans can be Customized into colours of your choice.

## 360° ROTATION

These models can be adjusted to oscillate at 60°, 90°, 180° and rotate at 360°.

## 3D OSCILLATION

Fanzart's pedestal collection with its unique 3D oscillation feature provides you with an extraordinary breeze.

## WHISPER QUIET

Fanzart's biggest USP is the whisper-quiet feature in its fans. With less than 38dB, you get to experience pin-drop silence.

## ECO FEATURE

ECO feature that enables it to smartly adapt its speed based on the room temperature.

# fanzart fans can be Customized into colours of your choice.

*fanzart* offers customization for select models in more than **3600 shades** allowing you to create a **luxury fan** that can be personalized to match your interiors. Making your homes truly **exclusive**.
